LOCTITE Distributor and Applicator

ABOUT US

Smart System & Engineering Sdn Bhd, a reputable engineering company, offering a wide range of services and solutions to most industries in the market today. With its fabrication yard in Nilai, Negeri Sembilan and Masai, Johor, Smart System specializes in the fabrication works of Fiber-Glass Reinforced Plastic, steel, and most plastics materials.

Aside from that, we are also the **LOCTITE** Trained & Authorized Distributor and Applicator in Malaysia and Singapore, and **SSE Composite Sdn Bhd** will be focusing in the **LOCTITE** business.

We supply products for thread locking/sealing, flanges gasketing, bearing and shaft retaining, bonding, anti-seizing and etc.

We are also specialized in chemical resistant coating, metal repair system, floor and concrete repair, grouting, anti-slip floor coating, rubber and belt repair, water-based cleaning and etc.

Furthermore, the Maintenance, Repair, Overhaul (MRO) division provides immediate support to customers throughout the country when needed. With experienced work personnel and exposure of over a decade in this industry ensures a timely delivery at the highest possible quality.

To all our customers whom we regard as business partners, we ensure all necessary coordination and management services are provided, right from the very first minute of work execution till the final day of successful commissioning. As we are focused towards the needs of our partners, it is our vision to form strategic partnerships with the objective of achieving greater heights in our respective business areas.
